- Regardless of individual course grades, students must maintain a minimum 3.500 cumulative GPA. This program has additional GPA progression requirements. For more information, please speak with an advisor.
- Some colleges require a minimum GPA for major courses. Courses indicated in this column are included in the major GPA for this program of study.
- Students in the International Business: European Business major must complete four 300-level or higher French language courses, three of which must be complete prior to studying abroad. The French Language Placement test will determine at which level the student will begin. If a student's French language placement test score requires FREN 122, then FREN 209 would be taken in the second semester, along with FREN 210. Foreign language courses can be part of the required directed coursework, which may consist of courses toward a minor, cognate, or other coursework.
- Students who do not place into MATH 122 or MATH 141 will be required to take a summer course in the summer following their first year.
- International Business majors are required to complete a second functional major in the business school. Students in the European Business Track may choose either Finance or Economics. Based on choice of major and entering language ability, total program hours may vary and students may exceed 15 hours some semesters and/or need summer coursework. However, many students bring in AP/IB credit to satisfy some course requirements.
- The [Carolina Core](#) provides the common core of knowledge, skill and academic experience for all Carolina undergraduate students.
- International Business: European Business majors are required to study abroad in the 5th and 6th semesters. Course selection is subject to availability at partner school with advisor approval.
- International Business: European Business majors are required to complete IBUS 401 – International Finance as the IB Functional Course. Cohort-specific sections of IBUS 310 and the IB Regional course are required. Students will complete the IB Elective and IB thematic course abroad.
